

Navigating Series and Images in eUnity

To move through the images within a series move the mouse wheel up/down or use the UP and DOWN cursor keys on the keyboard. You can also left click any of the images in the series and drag the mouse up or down to scroll through.

To move between series use either the LEFT or RIGHT cursor keys on the keyboard or click on the series of interest and drag/drop onto the display port. The active series is highlighted in orange.
